

## HERE AND THERE IN THE LEGISLATURE

(Continued From Fourth Page.)

the field clear for the re-election of Judge J. M. Mullen, without opposition.

Delegate Johnson, of Scott County, is preparing for introduction of a new pure election bill modeled on suggestions made by the late Judge A. A. Phlegar, for some time a member of the Supreme Court of Virginia.

A resolution offered in the House yesterday by Delegate Holston requests the Governor to designate by proclamation a "Good Roads Day" on which all citizens of the Commonwealth will be invited to assist in work on the public roads, all work or contributions to be under the supervision of the road boards of the magisterial districts of the various counties.

A bill offered yesterday by Messrs. Cox and Oliver provides for placing the graves of Confederate soldiers buried in Hollywood Cemetery under the perpetual care of the Hollywood Cemetery Company. The land title to the soldiers' section in Hollywood is vested not in the cemetery company, but in the Hollywood Memorial Association, by whom funds were raised after the war for the removal to Richmond of a large number of Confederate dead from Gettysburg and other fields.

A bill offered by Delegate Brewer yesterday provides for the creation of a State Board of Pardons to hear petitions for executive clemency and to advise with the Governor. Under the Constitution the pardoning power is vested in the Governor, and such a board as is proposed would be merely advisory.

Delegates Gunn and Willis offered a bill providing for the optional retirement at seventy years of age, on four-fifths pay, of judges of the Supreme Court of Appeals who have served for twelve years on the bench. The same bill has already been offered in the Senate by Mr. Wendenburg.

Virginia's first antislavery commission is foreshadowed in a joint resolution introduced yesterday in the Senate by Senator Howell C. Featherston, of Lynchburg. It provides for the appointment of a commission of eight members—three from the Senate and five from the House, which shall undertake a comprehensive study of the social evil in this State, and report its findings to the next General Assembly, accompanied with recommendations for legislation looking to a mitigation of the evil.

Senator Featherston's resolution gives expression to a well-defined movement on the part of social agencies in the State to give fight to organized immorality. It is a step in the direction of the subject in this city recommended State legislation as one of the instruments of correction. The commission is given full authority to summon witnesses, examine records, and conduct first-hand investigations anywhere in the State. If Senator Featherston's resolution is passed, the commission appointed under it will be the first of its kind in the history of the State.

Senator Harman, of Richmond, has reopened again his fight to place an American flag on every schoolhouse in the State. He introduced a bill to that effect yesterday. The same measure at the last session of the General Assembly failed of passage, chiefly because of differences of opinion as to how the expense of placing the flags should be met. The new bill, however, leaves the local school authorities to provide the cost of installation.

The General Assembly has a good roads champion in Senator Bowers. A joint resolution, introduced by him yesterday, urges upon the Congress of the United States the passage of Senator Swanson's bill, which carries a large Federal appropriation for the construction, maintenance, and improvement of the postal rural free delivery roads of the several States of the Union.

Federal aid for public roads was a subject which formed the storm center at the Road Congress which was held in Richmond in October, 1911. The convention went on for several days in favor of Federal aid after hearing strong speeches in support of that program by Senator Swanson and other public men. A bill now pending

**AN effective catarrh remedy** must have a double action upon the human system.

First, it must have a tonic effect upon the whole system; and, second, it must have a direct action on the catarrhal condition.

Catarrh begins with some form of capillary irritation, most commonly that condition known as catching cold. Catching cold causes a congestion of the mucous membrane, which may attack the head, throat, lungs, or the mucous membrane of other internal organs.

The treatment of catarrh is, therefore, no longer guess work; the nature of catarrh is so thoroughly understood, and the action of the drugs so completely comprehended, that the remedy can be adjusted to the disease with an accuracy that almost approaches scientific completeness.

Peruna brings to the home the combined knowledge of several schools of medicine in the treatment of catarrhal diseases. Every ingredient of Peruna has a reputation of its own in the relief of some phase of catarrh.

before Congress carries an appropriation of \$25,000,000 for that purpose.

Governor-Elect Stuart's opposition to the terms of the bank deposit tax bills introduced in the House by Delegate Weaver, of Front Royal, and in the Senate by Senator Echols, of Augusta, was the formal debate yesterday in the Senate corridors. The prevailing opinion was that the tax of 2 cents on the \$100 provided for by both measures is too nominal, and that a compromise between that rate and the present 35-cent rate would be the proper thing. The Governor-elect found wide support in his position that no class of property should be made the subject of sweeping exemption.

The bills are reported to have the support of the State's bankers. Several of the city's prominent bankers were in conference with members of the Senate Finance Committee, which will probably hold a hearing on Senator Echols' bill next week.

A bill introduced in the Senate yesterday by Senator Smith provides for the use of schoolhouses by residents of the districts in which the schools are located, when not in actual use for educational purposes. The law carries into effect the recently expressed opinion of President Wilson that schoolhouses should be used as social centers, where the people of each community may assemble for the purpose of discussing matters affecting their common interests. The schoolhouses to-day are in the custody of school trustees, who have no authority under the present law to allow their use for other than educational purposes. The proposed law vests the necessary authority in the trustees, and safeguards the physical safety of the buildings by holding the organizations using the schoolhouses accountable for all damages.

**Now Perfectly Healthy.**

Mrs. Magdalena Walker, 137 East Main Street, Westminster, Md., writes: "I thank you very much for your advice. I can safely say that Peruna and Manalin have saved my life."

"When I wrote to you the first time, asking your advice, my condition was so poor that I did not expect to live through the winter, but now I am perfectly healthy."

"I cannot praise your medicine enough, and I recommend it to others."

**Peruna Restored Health.**

Mr. C. A. Reustrom, 3 Wash Avenue, Salt Lake City, Utah, writes: "Your medicine, Peruna, has completely cured me of a longstanding case of catarrh."

"I suffered untold agony, but to-day I feel as spry as any one, with more ambition and confidence in myself than I have enjoyed for years. All my friends say I look better than ever before."

"Your Peruna is the greatest tonic and builder for the people of this world, arising from that dreadful disease, catarrh."

### Chronic Stomach Trouble.

Mrs. C. C. Ingram, R. R. 3, Trenton, Tenn., writes: "I think no medicine like Peruna. Being afflicted with stomach trouble about thirty years and have taken so much medicine for it and found nothing like Peruna. My weight before taking Peruna was about 125 pounds, and I was so weak I could do scarcely anything. Now I am much better and weigh 145 pounds."

### Catarrh of Stomach.

Mrs. Mary Depper, R. R. 3, La Crosse, Wis., writes: "I cannot too highly recommend your preparation for the relief of catarrhal troubles in various forms."

"I can truly recommend Peruna as the best remedy for catarrh of the stomach. You advised a treatment which I took until I felt well again. I was glad to know of something which would relieve me, and in a little over three months Peruna had successfully rid my system of all traces of catarrh. I, therefore, take great pleasure in wishing you every success."

### Catarrh of Throat.

Mrs. Charles Atkinson, Pine City, Minn., writes that she had catarrh of the throat for nearly three months, and used different medicines to no purpose. A friend advised Peruna, and she took two bottles and was cured.

### Colds, Sore Throat, Swollen Tonsils.

Mr. Phil Hasterok, 3741 Ohio Avenue, St. Louis, Mo., writes: "For two years I have been troubled with colds, sore throat and swollen tonsils. For the past eighteen weeks I could not drink any cold water or warm without a sticking pain in my throat. I have doctored with four as good doctors as I could find in St. Louis. The two last have told me I had an ulcerated tonsil and it must be cut out, but I did not like that cut out and I quit the doctor Christmas Eve. My wife had told me a friend had the same trouble and was cured with Peruna. I have spent about \$50, so I thought I would invest a few more cents and try Peruna. With one-half bottle I was relieved of all pains. I now have taken two bottles and I feel like a new man. I will recommend it to all my friends. Peruna does the work."

### Catarrh of Long Standing.

Mrs. M. A. Theatro, member Rebecca Lodge, Iola Lodge, also member of Woman's Relief Corps, writes the following from 1835 Jackson Street, Minneapolis, Minn.:

"As a remedy for catarrh I can cheerfully recommend Peruna."

"I have been troubled with chronic catarrh for over six years. I had tried several remedies without relief."

"A lodge friend advised me to try Peruna, and I began to use it faithfully before each meal. Since then I have always kept it in the house."

"I am now in better health than I have been in over twenty years, and I feel sure my catarrh is permanently cured."

### RAILROAD GETS INJUNCTION

Will Stop Filing of Suit to Collect Overcharges.

[Special to The Times-Dispatch.] Little Rock, Ark., January 17.—Federal Judge Jacob Triebler to-day granted the St. Louis, Iron Mountain and Southern Railway an injunction asked for by the railroad to stop the filing of suits in the State courts to collect overcharges for passenger and freight charges already collected by the road.

The decision means that every one

### Catarrh for Two Years.

Mr. Glenn Bogardus, 610 Jefferson Street, Jamestown, N. Y., writes: "I have been troubled with my stomach for two years, and have doctored with a good many doctors and took all kinds of stomach medicine, and could not get any relief until I got a bottle of your wonderful peruna and took three bottles, and will say that to-day I am entirely cured. I will say Peruna is the best thing to break up a cold I ever took. I only took three tablespoons of Peruna and my cold was all gone."

### Head and Lungs.

Mr. William E. Guilletto, R. F. D. 2, Xenia, O., writes: "After being sick for six or seven years I am more than glad to say that Peruna is better than any medicine I have ever taken."

"In the past twelve months it has cured me sound and well of catarrh of the head and lungs in its worst stage. I can recommend it to all of the world as being one of the best medicines on earth."

### Peruna a Household Friend.

Chronic catarrh is a disease which is very prevalent. Peruna is a remedy for chronic catarrh, and is an immense saving to the people. Peruna is a household friend in more than a million homes. This number is increasing every day.

## AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Dull Headache.

Try "Ely's Cream Balm." Get a small bottle, anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any

drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed, nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

## WOMAN'S COLLEGE FOR FARMVILLE

Hugh A. White Offers Substitute for Co-Ordinate Institution at University.

A compromise plan for a woman's college, providing for the conversion of the Farmville Normal School into a high grade college for women, was offered in the House yesterday by Hugh A. White. The bill provides that the State Board of Education in the apportionment of school funds must give preference to the primary and grammar grades, with a requirement for a school term of not less than seven months in the year. It provides that pupils must not enter State high schools without a certificate from the principal or supervising teacher of the grammar grade school from which the pupil has graduated. The meat of the bill, however, is in the requirement that there must be a high school certificate of graduation as an entrance requirement at the State normal schools. The patron believes that the normal schools supported by the State, especially that at Harrisonburg, are being crowded by girls of the high school grades. Instead of being normal colleges, they are, according to Mr. White, little more than high schools with boarding departments. The woman's college proposition is in section 4 of the bill, which provides that:

"The State Female Normal School at Farmville shall, under the direction of the State Board of Education be developed into a high-class woman's college, with such faculty, means and appliances as will give to the women of the State the highest education possible, so as to be on a par with the high grade woman's colleges in this country, and when the State Female Normal School at Farmville has been so developed, it shall cease to be a woman's school, and only such pupils shall be received there as would be permitted to enter the high grade colleges and universities of this country, according to their standards. Nothing contained in this act shall be intended to have the effect of interfering with the University of Virginia, the Virginia Military Institute, the Virginia Polytechnic Institute, or any other of the higher schools or colleges now established, owned or controlled by the State."
